## What is it?

Snorfcon is the first Nordic gathering of conrun-  
ners, zine editors and other hyperactive sf-fans.  
A weekend of discussions about Nordic fandom  
and fandom in the Nordic countries. A weekend  
of getting to know science fiction- and fantasy-  
fans who share your passion in working like hell  
so other fans might enjoy themselves.

## What you get for the money:

All the programme on Snorfcon.

## Accommodation:

We will try to find a venue with relatively close  
distance to a hotel, but there will be no special  
Snorfcon room price at the hotel and you will  
have to do the booking yourself.

It's also possible to crash at local fans. Contact  
Olav M.J. Christiansen (committee@snorfcon.org)  
for more info.

## About the programme

**Friday:** The arrival, get together, no official  
programme.

**Saturday:** The main Snorfday. Panels about the  
need and possibility of Nordic cooperation,  
conrunning and other kinds of fanac. Program-  
ming from 10:00 to late in the evening.

**Sunday:** To Snorf or not to Snorf. A large portion  
of the day will be dedicated to the Snorfcon itself,  
whether the idea was good and should be repea-  
ted – and who gets to do it, of course. Program-  
ming from 10:00 to about 16:00.

**All the programme items will be in English,  
which is the language of the con.**
